Login Modal

Register Modal

The diagram illustrates a 'Register' modal form. At the top, the title 'Register' is on the left and a close button 'X' is on the right. Below the title bar are four input fields, each with an icon on the left and placeholder text: 'Enter username' (person icon), 'Enter email' (envelope icon), 'Enter password' (lock icon), and 'Enter password again' (lock icon). At the bottom are two buttons: 'Clean' (red border) and 'Login' (blue border). Blue arrows point from text labels to specific elements: 'Email input' to the email field, 'Username input' to the username field, 'Password input' to the password field, 'Re-password input' to the re-password field, 'Clear button' to the 'Clean' button, and 'Login button' to the 'Login' button.

SUMMARY

Electrical and Electronics Engineer

Hi, I'm Musab Salih Şakar. I'm a fresh graduate from Dokuz Eylül University, electrical and electronics engineering department. I did an internship on PLC systems in the computer department of HABAŞ company. I know various programming languages and markup languages. I also know how to use circuit board design and simulation programs. Although I do not have much experience, I have the ability to learn quickly and effectively. I act harmoniously and communicate effectively in group work. I want to work in a company where I can contribute by using the knowledge and skills I have acquired and to advance my career.
